OUR PLEDGE OF FULL SATISFACTION

AUTUMN/WINTER 1993

Welcome to your guide to great value

We have compiled the Argos catalogue with you in mind, to offer you a great way of shopping for a huge range of quality products, at prices you will find hard to beat.

This Superstore catalogue contains all the products which are available from our traditional Argos stores, plus an additional 2600 lines which are exclusive to Superstores.

To make it easier for you to find what you want, we have Traditional and Superstore ranges combined together, so you can see the full range Argos has to offer.

S **S** SUPERSTORES ONLY **Products marked by these symbols are exclusive to our Superstores, and are not available from Traditional Argos stores. Please see the back of the catalogue for your nearest Argos Superstore.**

How to shop

Shopping is simple:

1 Write the catalogue number and the quantity of the goods you require on a selection form (there are some included in this catalogue as well as in-store).

2 Take the form to a service point.

3 Whilst you are paying, your goods will be brought to the collection counter ready for you to collect.

Some of our larger items can also be ordered by telephone and delivered to your door, please see page 3 for details.

Ways to pay

You can pay for your purchase with cash or any one of the credit or debit cards

You can also pay by redeeming your Premier Points (see page 4)

shown. You can also pay by cheque and if you have a valid cheque card, we will give you immediate clearance on cheques up to £500 (subject to status, you may also need additional identification).

Overseas visitors may qualify for **Tax Free shopping**, saving on the cost of your purchase. Customers from countries within the European Community cannot reclaim VAT. Please ask in-store for details.

Up to \$1,000 instant credit*

Please ask in-store for details.

*Subject to status. Available to most adults. Argos is a licensed credit broker.

Argos personal account

There's now more than ever to choose from at Argos. With our **Personal Account** you can afford what you want now, and then spread your payments over time. Please ask in-store for details. **APR 29.8%†** (Subject to variation). †When payment is made by Direct Debit. A written quotation is available on request.

Delivery Services

To make shopping even easier,
Argos offers two delivery services

Free home delivery service

- Free delivery anywhere in Great Britain (including Northern Ireland)
- Delivery normally within 14 days

For your convenience, items which are too large or heavy to stock in our stores, will be delivered direct to your home free of charge. These items are marked by the red lorry symbol and are not available for collection from any of our stores.

As well as being able to order any Argos Direct item at the Customer Services area in our stores, you can also phone our ARGOS DIRECT FREE Linkline ordering number. You can call between 8 am and 10 pm, 7 days a week, giving your order and credit card details.

Once you place an order, we will contact you to arrange delivery. Delivery will normally be within 14 days, unless otherwise indicated in the item description or at time of ordering. To ensure delivery before Christmas, please place your order before 7th December 1993.

Please note: The 0800 Linkline number can only be used for placing orders for items marked with the red lorry symbol. When ordering you will be given an alternative number for any other queries.

For some items, we offer a fast delivery service of 3 working days from the date of order. These items are marked with the 3 day red lorry symbol. To ensure delivery before Christmas with this 3 day service please place your order before 17th December 1993.

Our free home delivery on selected computers also includes unpacking and setting up in the home. See page 466 for details.

**Free home delivery
on selected
computers**

Superstore delivery service

- Deliveries anywhere within 20 miles of any Argos Superstore
- Order by telephone or in-store
- Service is available on any catalogue items, except those delivered free by Argos Direct
- One small delivery charge covers as many items as you wish to order

You can order by telephone during normal working hours - just giving your order and credit card details. Or, you can arrange delivery when you order in-store. See the back of the catalogue for your nearest Argos Superstore and telephone number.

As an extension to our Superstore Delivery Service, we also offer Free

Delivery and Installation on all large screen televisions (20 inch and over) and VCRs, from any Argos Superstore.

Installation is to an existing electrical socket and adjacent aerial point. This offer applies within a 20 mile radius of any Superstore (mainland only).

You can order at your nearest Superstore or by telephone, ask for our Superstore Delivery Service.

Upholstered Furniture Selection Centre

To ensure that the item you order is exactly what you want, please see our Upholstered Furniture Selection Centre in your local Argos store for fabric samples used in the manufacture of our furniture and garden furniture, as well as product specification.

Save \$\$\$'s at Argos with Premier Points

Many Argos customers are already collecting Premier Points and using them to save £££'s at Argos

REDEEM

- ANY POINTS
- ANY ITEM
- ANY STORE

- You can collect Premier Points when you buy petrol or diesel fuel from Mobil Service Stations, and when you stay at any Friendly Group Hotel.
- Points can be redeemed at any Argos store. A full card is worth £5 but there is no need to wait, you can redeem any value of points at anytime.
- Simply present your Collecting Card(s) to the cashier when making a purchase of one or more items from the Argos catalogue*. You can add to your Points value with any other method of payment accepted at Argos stores.

For full terms and conditions ask in any Argos store, participating Mobil Service Station, or Friendly Hotel and start saving today.

See page 633 for examples of redemption values.

*Excludes any telephone or mail order services.

Extended guarantees

For added reassurance we offer Extended Guarantees on a range of electrical items from microwaves and televisions to midi systems and cameras.

PLUS FREE FIRST YEAR ACCIDENTAL DAMAGE COVER.

Please see page 493 for full details.

Argos gift vouchers

£1 Cat. No. 888/0105

£5 Cat. No. 888/0507

£10 Cat. No. 888/1001

£20 Cat. No. 888/2000

If you want to take care of a Christmas gift, a birthday, anniversary or any other special occasion, an Argos Gift Voucher could be the answer. Vouchers are also ideal for incentive and promotional awards (see page 632). Please note that Gift Vouchers cannot be exchanged for cash.

Christmas decorations will be available in stores from 27th September, 1993.

Committed to quality and safety

We want you, our Customer, to have total confidence that every item you purchase from Argos is SAFE, RELIABLE and of the highest QUALITY.

We have therefore developed a large Quality Control team, fully dedicated to fulfilling such requirements, and have many products tested at independent laboratories.

All our goods, especially nursery and toy products, are subject to strict safety regulations and we take every care to ensure that all our products are safe.

The lion mark is a symbol of toy safety and all Argos toys are tested for compliance with exactly the same approved safety standard.

The "CE" mark, which appears on all Argos toys, is part of a campaign by the EC to improve safety standards across Europe.

All our upholstered furniture conforms to match and cigarette ignition tests.

Most of our electrical products now come with pre-fitted plugs. Look for the fitted plug symbol.

PLEASE NOTE:

- * Some of the goods which are shown in the catalogue may vary slightly if a supplier has changed or altered their specifications after the catalogue has been printed. If this should happen, we will try to help by offering you alternative goods of a similar specification and value to your original choice.
- * Please check the in-store catalogues before ordering.
- * Under exceptional circumstances, we may have to make adjustments to our prices stated in the catalogue (which include VAT at 17.5%).
- * All items are subject to availability.

The following guarantees do not affect your statutory rights

The Argos promise

If you change your mind and decide that a product you have bought does not meet your exact requirements we offer you the opportunity of returning it within 16 days of purchase, for a full refund or exchange. We simply ask that it is returned in its original and unspoiled condition, with its original wrapping and your receipt. Please note this promise does not apply to earrings for pierced ears, food products, camcorders, pre-recorded music or videos, video game software, fresh flowers and Christmas decorations.

After sales care

Making sure that you are happy with your purchases both when you buy them, and after you have taken them home, is very important to us.

- If a product develops a fault, simply return it within 30 days of purchase and we will offer you an exchange or a full refund.
- We will provide a free-of-charge repair facility, normally within 16 days, on products which develop a fault and are returned to a store more than 30 days after purchase with your receipt, but within 12 months.

Look out for the repair signs showing jewellery repair, and service in home or on site.

- Any product which develops a fault and has a manufacturer's guarantee beyond

12 months will be repaired in accordance with the terms of that guarantee.

- Many electrical appliances can also be serviced in your home, please ask in-store for details.

Argos supports the guidelines for guarantees set by the British Retail Consortium.

Watches designated splash proof are suitable for wearing when water is being splashed but NOT under any pressure in swimming and showering. Watches designated water resistant have been tested to 50 metre static water (breast strokes) otherwise stated. These watches are suitable for wearing while swimming. All quartz watches are dependent on batteries for their power source. Some of the watches on these pages may need professional adjustment to the strap. The service is offered free of charge. Ask in-store for details. Our suppliers adopt a policy of continuous improvement. Hence third party, during the life of the catalogue, price watches in models, specifications and colors.

ONLY £3.75

Argos offers a wide range of telephones and to help you choose, we have explained the features available. All Argos phones need a plug-in type socket. If you do not have this type of socket, contact British Telecom and enquire about conversion.

Features Guide

Memories

You can store your frequently used or important numbers, and recall them at the touch of a button or two.

Last Number Redial

The telephone can automatically re-dial the last number you dialed, which is very useful when a number is engaged.

Mute (Secret) Button

This allows you to speak to other people in the room without being overheard by your telephone caller.

On Hook Dialling/ Hands Free Speech

"On Hook Dialling" enables you to dial without lifting the receiver. A speaker allows you to hear when the phone is answered, then you simply pick up the handset to speak.

"Hands Free Speech" allows you to speak and listen with the receiver still in place.

Ring Equivalent Number (REN)

The number of the telephones you can connect to a line is determined by the REN of each telephone. The maximum total REN for a telephone line is 4.

Volume Control

This allows you to adjust the volume of the telephone ring.

PABX

PABX compatible telephones can be used with most PABX exchange or switchboard systems. Please see the manufacturer's instructions, or use the helpline for further details.

Cordless Phones

Cordless phones allow you to receive or make calls around the home and even in the garden. You can page the handset (or user) from the base unit, and some also have an intercom between the base unit and the handset.

The base unit must be connected to a mains supply as well as an approved telephone socket. The handset recharges whilst it is in the base unit. A battery backup enables the telephone to be used during a power cut.

The quality of reception is unlikely to be as clear as with a conventional telephone as they are susceptible to interference from other cordless phones and radio transmissions, especially over long distances and obstructions (walls or doors). Cordless phones operate on 8 different channels - as marked on the box. If you experience interference from another cordless phone, you need to exchange the complete telephone unit for one with a different channel number. Dual channel telephones have 2 channel options so you can switch the handset and base unit to the alternative channel.

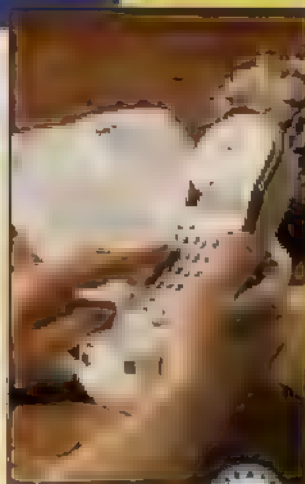

Compander/Digital Noise Reduction - is now available on many newer cordless phones offering improved reception by filtering out background noise.

Cordless phones are also available as combination units with an answering machine or speakerphone in the base.

Aerial tuning maximises the signal on a given channel.

Network Services

If you have a dual signaling (Pulse/Tone) or Touch Tone telephone, you will be able to use the new BT "Network Services" including call diversion, 1-way calling, reminder calls and call waiting. These additional services are available from BT for a quarterly rental charge, please contact your local BT office for further information.

Mercury

You can now use the "Mercury" network from your home via a British Telecom line. For a small annual fee you will receive your own PIN code giving you access to cheaper long distance and international calls. A "Mercury" button will allow one-touch dialling into the Mercury system. Other "Mercury compatible" telephones enable programming of the sequence into a normal memory.

Please phone the Mercury Helpline 0800 424 194 for further details.

Extended Guarantees

1 and 5 year Extended Guarantees are available, see page 493

ANSWERING MACHINES WITH TELEPHONES FROM ONLY £39.99

ALL ITEMS WITH THIS SYMBOL ARE SUPPLIED FITTED WITH A PLUG OR PLUG ADAPTOR

A GUIDE TO

answering machines

An answering machine will record messages and many include a handset for use as a normal telephone. To install your machine you need a 13 amp mains socket near to a plug-in telephone socket. A separate answering machine may also need a telephone socket doubler to connect alongside your telephone. This is indicated in the text where necessary.

Feature Guide

Cassette Tapes

Most machines use a micro, rather than a standard size cassette.

Digital Outgoing Message

Your outgoing message is recorded onto a digital voice chip, avoiding the need for the tape to shuttle between the outgoing and incoming messages, thus cutting down on the waiting time of your caller.

Digital Voice Prompt

A digital voice will guide you through the various operations, and give you information such as the number of calls received.

Day/Time Stamp

This records the exact time and day of all incoming messages.

Memo Facility

You can leave a message on your machine for someone else to access on their return.

Call Screening

This allows you to listen whilst the answering machine takes your call, and choose whether or not to answer personally.

Answer Only Option

The answering machine can answer a call, without taking a message. This is useful if you are away for several days.

Two Way Conversation Recording

This allows you to record a telephone conversation, and can be useful when listening to directions or instructions.

Branch Phone Reset

Your answering machine will stop and reset automatically when you intercept a call on another extension.

Remote Message Retrieval

You can check your calls even while you are out. Using a 'TouchTone' telephone (which produces a variety of tones as you dial) or a remote control device, tone retrieval activates your answering machine to play back any recorded messages. Some machines can also execute other remote functions such as changing the outgoing message. 'TouchTone' is a BT registered Trade Mark.

Call Count

This will display how many calls have been recorded usually on a LCD panel or by a flashing neon light.

Extended Guarantee

3 and 5 year Extended Guarantee available, see page 493.

SCIENTIFIC CALCULATORS
All scientific calculators have an LCD display. Mathematical functions include percentage, square root and memory. Angeltrace logic is used for computation. NB. All Casio scientific calculators are capable of carrying out standard deviation statistical calculations.

PROGRAMMABLE
These calculators, in addition to being programmable, offer many scientific functions. Item nos 23-25 feature a 16 character by 8 line display and item no 26 features a 21 character by 8 line display. They give instant graphic representation of built-in functions and user generated formulas plus statistical graphs.

GRAPH SCIENTIFIC
These calculators in addition to being programmable provide the facility for data to be presented graphically through the medium of multi-dot matrix - high resolution LCD screens.

Item no 25 features a Table of Values function and both item nos 25 and 26 have a Polar Equation Graphing function.

We now operate a mail order service for spare parts and accessories for your calculators and office equipment and Motorola personal phone charger and rechargeable battery pack. For credit card orders, please ring 081-927 7298 (24 hour service) or alternatively pick up an order form from your Argos showroom. No stamp is required.

YOUR BUSINESS NEEDS

123

If you are building up your business, from an office or your home, you will be looking for the latest office equipment. At Argos we now sell a wide range of business equipment, and all at affordable prices. To help you with your choice we have explained some of the features relating to our range of Typewriters and Word Processors.

Typewriter Features

Correction Memory

This enables you to correct up to two lines of current text so if an error is made you can simply relocate and delete it.

Text Memory

This facility allows you to store information/text of varying amounts. This can range from 3 pages of text with a 6K memory to 6 pages of text with a 12K memory capacity.

LCD

Liquid Crystal Display (LCD) allows you to review and edit text easily on screen before printing.

Justification

This allows documents to be produced with the right hand margin blocked so sentences are of equal proportion regardless of the number of words, giving a professional appearance.

Spellcheck

Spelling mistakes can be checked, enabling documents to be free from spelling errors.

Print Speed

This is measured in CPS (characters per second).

Typing Pitch

The pitch designation represents the number of characters that can be typed per inch.

Decimal Tabulation

This facility automatically positions the carriage for alignment of numbers at the decimal point.

Word Processor Features

Word Processors offer all the benefits of an advanced typewriter but with the additional features of larger displays and a bigger memory capacity. The memory of all our Word Processors can also be expanded by the use of an external 3 1/2 inch floppy disk.

Block Copy/Move/Delete

Blocks of text can be copied, moved or deleted to allow simple and quick editing.

Search and Replace

This enables editing of a specific word or phrase throughout a piece of text in one single operation.

Address/Mail Merge

A list of names and addresses can be merged with a letter, this enables you to provide personalised correspondence easily.

"WYSIWYG"

"WHAT YOU SEE IS WHAT YOU GET". This allows you to see exactly what will print out on paper.

MS Dos File Format Compatibility

This allows storage of information in DOS format to enable data exchange with PCs.

Autospell

If a word is miss-spelt this facility provides alternatives and automatically replaces them.

We have a wide range of office equipment for your office or your home, so let Argos take care of it.

Extended Guarantees

For added peace of mind why not take out an Argos 3 or 5 year Extended Guarantee.

See page 493.

Cat. No. 670/9312 **£299.00**

HELPLINES

For any queries about your machine ring the appropriate telephone number during normal office hours.

Panasonic: 0344 853343
Canon: 081 773 3173.

A GUIDE TO fax machines

A fax machine needs to be plugged into a new style phone socket and the mains. Some fax machines have an internal fax switch and can direct the incoming call to either the fax or telephone as appropriate, others also allow connection to an answering machine. However, if you have extension phones you will require an external fax switch. This enables the use of the fax with an answering machine and extension phone all on one line.

To help you with your choice, we have identified some key features.

Feature Guide

Half Tone Reproduction

produces shades of gray and not just black and white, giving greater clarity for photographs or brochures.

Superfine/Fine Mode

allows for a better reproduction of detailed documents/drawings with the facility for fine print.

Auto Document Feed

lets you set up a number of pages for automatic transmission or copying in sequence.

Activity Report

provides a summary of information transmitted and received.

REN

The maximum Ring Equivalent Number for a phone line is 4. Your equipment may not function correctly if this is exceeded. For telephone features please see page 110.

5. ⑤ SUPERSTORES ONLY:

BETALRAF 3000T FUJIMAN Combined Mercury compatible facsimile machine, telephone and answering machine. Fax machine is CDTT-G3 compatible with automatic, 14 block, personal fax header, optional delayed transmission, auto paper cutter, 5 page document feeder, Mercury button, 30 memories (9 one touch), date and time display, selectable auto transmission report, LCD overcompens and includes self diagnosis. Phone is tone/pulse switchable. Has a Mercury button, on-hook dialing facility and call hold. Answering machine has a 15 second digital outgoing message facility with memo cassette for incoming messages, auto fax/phone switch, fax/answer machine switchover, message received indicator and full remote control facility (with tone dialer included). **FREE 12 months on site service - see in-store for details. Panasonic User and Operator

A GUIDE TO

printers

The most common printer used with word processors and PC's is the Dot Matrix. Recently, ink jet printers have become more popular.

Dot Matrix

These printers create an image on the paper using a row of 9 or 24 pins. The pins rapidly strike a ribbon onto the paper. A 24-pin printer is able to create a much smoother outline for letters and graphics since it uses more "dots per inch".

Ink/Bubble Jet Printers

These printers use a non-impact method of printing. An ink jet is activated by a pump, or in the case of Bubble Jet printer, by

heat creating steam pressure in the ink tube. This forces the ink onto the paper creating the image with near laser quality print. A key benefit is it prints more quickly.

DPI (Dots Per Inch)

This refers to the density of the print, the higher the DPI, the higher the density of the print.

Variable Print Speed

Variable print speed is measured in CPS (characters per second). The slower the speed, the greater the print definition.

Common terminology:
Draft: Low density, fast printing to check accuracy and initial layout of document.

NLQ: Near Letter Quality.
LQ: Letter Quality.

Buffer Memory

This enables you to store information being transmitted from the PC ready for printing.

Fonts

These are different typescripts to enable various presentations of your work.

Friction Feed Facility

enables you to handle single pages through the printer whereas the Pull Feed Tractor facility handles a continuous supply of paper.

Optional software emulation allows majority of 16-bit DOS software to be run (TV module included and can be used on most European televisions). **Call No. 07098901 £499.00**

A GUIDE TO

computers

If you are looking for a personal computer (PC), Argos now offer a selection to suit your needs. Our range of PCs come pre-loaded with a range of software to enable easy access for your initial applications.

Processing Speed

The speed of the computer is determined by both the processor type and the clock speed. The clock speed is measured in megahertz (MHz), the higher the MHz, the faster the processing.

The Random Access Memory (RAM)

This is the working memory utilised whilst in operation. Information held in the RAM is lost when the computer is switched off, therefore this needs to be stored on hard or floppy disks.

A Hard Disk Drive

This has a high capacity to store information and is located in the system unit.

Memory

Computer memory size is judged by how many bytes of data it can hold, normally measured in megabytes (1 MB = 1 million bytes).

Floppy Disks

These 3 1/2 inch disks enable you to store information externally from the computer. The amount of information that can be stored depends on the size and density of the diskettes.

Argos sell a range of floppy disks which are compatible with all our computers and Word Processors see page 138 for more details.

ARGOS MAIL ORDER

OFFICE EQUIPMENT AND COMPUTER ACCESSORIES
We operate a full service for office and education users of software and computer peripherals. For a free catalogue, please telephone 081 527 7290 (24 hour service or alternatively 9-5 on 081 527 7291 from your Argos store). No charge is required.

Argos
TAKES CARE OF IT

The Argos promise

If you change your mind and decide that a product you have bought does not meet your exact requirements, we offer you the opportunity of returning it within 16 days of purchase for a full refund or exchange. We simply ask that it is returned in its original and unspoilt condition, with its original wrapping and your receipt.

Please note, this promise does not apply to earrings for pierced ears, food products, camcorders, pre-recorded music or videos, video game software, fresh flowers and Christmas decorations.

The above guarantee does not affect your statutory rights

TABLE LAMPS

OVER BLANKETS

CONCERTO OVERBLANKET

All night use and pre-heating facility. Variable heat settings, total overheat protection and machine washable.

FOR YOUR INFORMATION DUAL CONTROL

Some of the double under/over blankets featured have dual controls. This enables the two sides of the bed to be at different heat levels, according to personal need.

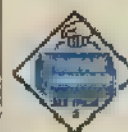

HEAT LEVELS

All our electric under/over blankets have 3 or more heat levels. The higher the number, the hotter the temperature.

ALL-NIGHT USE

Under/Over Blankets: All electric under/over blankets B.E.A.B. approved, are suitable for all-night use, plus the normal full pre-heating facility. All our electric blankets have full overheat protection.

ALL ITEMS WITH THIS SYMBOL ARE SUPPLIED FITTED WITH A PLUG

Please note the thermal insulation (warmth) of a duvet is expressed by the term "tog". The higher the tog rating the warmer the duvet. The British Standard minimum tog bands are as follows: 4.5 tog, 6.0 tog, 7.5 tog, 9.0 tog, 10.5 tog, 12.0 tog and 13.5 tog. All our duvets conform to the tog bands in BS5335.

Item No.	Cat. No.	Description	Tog Rating	Size	Description of Filling	Cover Fabric	Other Details	Our Price

POWER SHOWERS

A power shower not only gives you enhanced performance over other shower types by boosting the water pressure to your shower head but it is also economical to run, as it will use your existing hot and cold water supply. It is recommended that shower boosters are installed by qualified tradesmen. All units be plumbed to cold water mains, and permanently connected to 240V ac electrical supply. (See page 1-3 and 5 to 30 amp, sizes 4 and 8 to 35 amp; sizes 6 to 37.5 amp and sizes 7 to 40/45 amp. Complies with British Standards BS3456).

Moulinex

DE LONGHI ROTORRY PR

- Designed for continuous oil which means frying temperatures can be reached faster and the food is cooked longer. The angled basket measures 18cm x 18cm x 18cm resulting in the food being suspended above and taken out of the hot oil. Spots in the basket are also reduced. Should an obstacle hamper the progress of the basket, it retracts automatically.
- 1.75 pint oil capacity
 - 2.2lb food capacity
 - Hermetically sealed locking lid with anti-colour sear charcoal filter
 - Variable thermostat
 - Safety rot & tilt basket
 - Condensate collecting channel
 - Temperature control light
 - Cool storage

To help you choose we have explained a little about microwave ovens and their benefits.

The Benefits of a Microwave Oven

- Microwave ovens can be used for most types of cooking, for defrosting, and for reheating pre-prepared foods.
- Cooking by microwave is up to 75% faster than a conventional oven and, as less energy is used, is more economical.
- Food cooked in a microwave oven remains nutritious and tasty since the food is cooked so quickly that it retains more of its goodness, with less loss of vitamins and minerals. Most food can also be cooked without the addition of fat.

How a Microwave Oven Works

Microwaves produce heat by friction, caused by the moisture molecules in food vibrating against each other very quickly. Microwaves penetrate the food surface and the heat is then transferred to the centre of the food by means of conductivity, hence the need to allow for standing time and stirring.

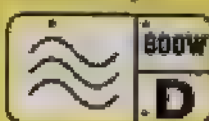

Quality Assurance

All our microwave ovens conform to both British and International Electrotechnical Commission (IEC) Safety. They are also appraised by our own Quality Control Department.

Most new microwave ovens now display a label relating to the new heating instructions on small food packs (eg ready-made meals for 1 or 2 people).

This is an example of the oven label:-

the microwave symbol

the power output (watts)

the heating category for small packs

oven power output

500W 600W 700W 800W

shorter heating time longer heating time

heating category for small packs

A B C D E

shorter heating time longer heating time

By matching up the information on the food pack with that on the oven, you will be able to calculate more accurately the heating time required.

For further information please call the Independent Food Safety Advisory Centre on 0800 261407.

*Reproduced by permission of MAFF from "A Guide to the new Microwave Labels".

• Allow sufficient standing time after cooking for heat to pass to the centre of the food.

• If possible, stir or rearrange food halfway through cooking, reheating or defrosting to ensure even heating.

• Reheating of food must be carried out at a temperature higher than 70°C for at least 2 minutes.

• Food straight from a refrigerator is colder than room temperature and allowances should be made when calculating cooking times.

• All instructions for microwave cookery are to be used as a guide, foods may require slightly more or less cooking, reheating or defrosting time.

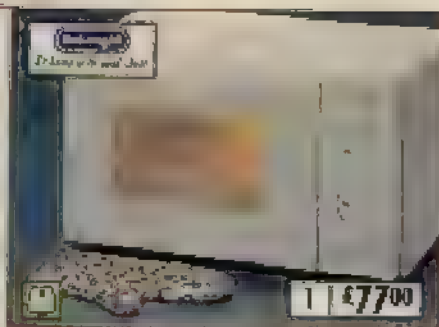

• Always follow manufacturer's instructions and any cooking instructions on the food pack.

DE'LONGHI MW300

- 700 watt output
- Heating category C
- 0.6 cu ft interior capacity

Cat. No.
4001373**£139.00****HITACHI**10 **£139.00****A GUIDE TO****microwave features**

This features guide explains some of the key functions you may wish to consider before you purchase your microwave oven.

Size/Capacity

The interior capacity of a microwave oven is measured in cubic feet, this can be used as an indication of the amount of food which can be cooked, defrosted or reheated. Our microwave ovens range from 0.55 cu ft, which would cater for smaller quantities, up to 1.12 cu ft.

Controls

All our ovens are controlled by either a dial or, for more accurate timing - and programming, by touch control. All have timers, automatically switching off the cooking cycle once cooking is complete.

Output Power/Wattage

The higher the wattage, the more powerful the microwave oven so the faster it will be able to cook.

Turntables

All of our microwave ovens have rotating turntables to ensure even cooking. Some have special boomerang turntables which return to the original starting position when cooking is finished - which is useful for removing handled pots from the oven. All turntables are removable for easy cleaning.

Grills

Some microwave ovens have a grill, which will brown and crisp food whilst combining the speed and convenience of a microwave oven. Grills can be used simultaneously on some of our models. (See individual models, on pages 288/289, for details.)

Halogen Grills

These provide instant heat and are faster than standard microwave grills. They are recessed into the oven roof and covered enabling easy cleaning.

The following features are exclusive to touch control models only:

Sequence Cooking

This feature allows you to programme the oven to cook at different power levels for different lengths of time, in sequence, enabling you to defrost, cook and keep food warm until you are ready to eat, automatically.

Programmable Memories

Some microwave ovens have a memory facility which enables you to store your most used sequence of defrosting, cooking or reheating.

Delay Start

This allows you to delay the start of your cooking while you are out, so that your meal is ready when you arrive home.

Auto Defrost

This feature ensures that the power level is gradually reduced in stages to ensure that food is thoroughly and evenly defrosted.

Auto Weight Defrost

Simply key in the weight, type of frozen food and the power level, and the defrosting time will automatically be calculated for you.

Auto Weight Cook

Simply key in the weight, type of food and the power level, and the cooking time will automatically be calculated for you.

All microwave ovens have a 1 year manufacturer's guarantee. However, for added peace of mind you can take out an Argos 3 or 5 year Extended Guarantee. See page 493 for details.
3 year cover 085/8173 £24.99
5 year cover 085/0675 £39.99
We also offer Free Accidental Damage Cover, see page 493 or ask in-store for details.

For your safety and convenience, products showing this symbol are supplied with a fitted plug.

HELPLINES

If you have any queries about your microwave oven please call the appropriate helpline during office hours.

PROTECT YOUR MICROWAVE OVEN WITH OUR EXTENDED GUARANTEES SEE PAGE 493

A GUIDE TO

combination ovens

Combination ovens combine the versatility of a microwave, grill and convection oven all in one.

You can use a combination oven as a microwave, grill or convection oven. Some of our models can be used in combination mode. This will give you the speed and efficiency of a microwave, with the advantages of an ordinary convection oven - which brings out the flavour, browns, and crisps your food. (See individual models for details.) Most foods can be cooked in

combination mode, but combination ovens are particularly good for roast meat and poultry, cakes, vegetables and baked desserts.

HELPLINE

Should you have any queries about your combination oven, please call the appropriate helpline during office hours.

TAKING CARE OF YOUR SHAVES
In order to prolong the efficiency of your shaver, frequent, thorough cleanings are required in accordance with your manufacturer's instructions. Foils and cutters should be replaced regularly. These are available via our mail order service, please see page 359 for details.

TO GAIN MAXIMUM SHAVING PERFORMANCE

Due to the sensitivity of your skin you should allow approx 2-4 weeks for it to adjust to your chosen shaver.

PHILISHAVE®

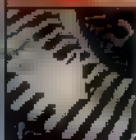

FOR THE MAN INSIDE

Philishave, with the unique rotary action for the closest possible shave.

A close shave is what most men try to achieve and most women admire.

So choose from the traditional three head Philishave or twin head, including Philishave Tracer, all with a wide range of features.

SHAVE MICRO-GROOVE

For an even closer shave Philishave have designed new improved shaving heads with 'Microgroove' on selected models.

SELF SHARPENING BLADES

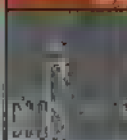

The outer blades are specially ground to a sharp edge and rotate at high speeds inside 'floating' shaving heads to give a very close and comfortable shave.

ULTRA QUIET MOTOR

A unique piece of micro technology, comprising a 'flap' and 'outer' that perform together with micro-precision gently 'sweep' hair during the shave before the hair falls back into the skin. Available on selected models.

SPRINT POWER

Selected Philishave now feature a technologically advanced 'Ultra Quiet' motor.

Philishave Rechargeable
The powerful, rechargeable in a mains shaver retained for up to three weeks of cordless independence at home or away.

Philishave Mains
Slightly features, powerful mains shaver for the ultimate close shave every day.

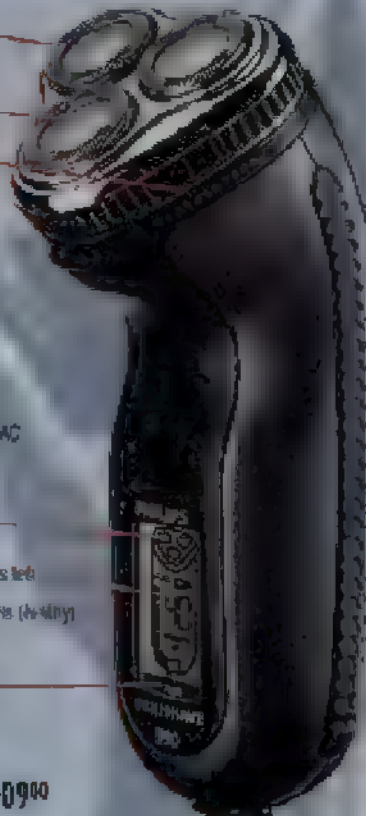

Philishave Battery
Good grooming on the move for the travelling man. Keep in the car or office as a 'top-up' for wet or dry shavers.

NEW PHILISHAVE HS990 RECHARGEABLE MAINS

- New micro-groove shaving heads with 'flap' and 'cut'
- Individually floating heads
- Control control
- New large trimmer for sideburns and moustaches (At back of shaver)
- Up to 10 power settings
- New soft-soft lacquer finish
- 1 hour full charge for 3 weeks' cordless shaving
- Quick charge
- Universal voltage 100-240V AC and 12-24V DC
- New electronic warning for clearing problems
- New charge level indicator with permanent display mirrors led
- New 'green' high energy cells (4x1.5V)
- Audible low charge alarm
- Charge light
- New travel storage case pouch & wall bracket/stand

Cat. No. 441/0500 £109.00

PHILIPS

ARE YOU TAKING YOUR APPLIANCE OVERSEAS? If so, this simple guide may help. If your appliance has an automatic or universal voltage switch, you need to make an adjustment. If your appliance has a dual voltage switch, you will need to change the setting for European countries, most of which have 220-240 voltage supply systems, although an adaptor would be required (see page 41). However, if you use your appliance in the USA or Japan, you will need to change to the 110-120 volt setting. Please take great care to switch back to the 220-240 volt setting upon your return to the UK, or other foreign country.

DIFFUSER HAIRDRYERS FROM ONLY £8.95

Smoke detectors provide an early warning system setting off an alarm loud enough to wake the family. Smoke and fumes are the major causes of death in house fires with most fatalities occurring at night - once a fire starts you could have as little as 3 minutes to escape.

All Argos smoke detectors comply with BS 5446:1987.

Part 1 and carry the "Kite Mark". Smoke detectors are endorsed by the Fire Authorities. Complete with all instructions, frings and batteries necessary for use. For any queries about your smoke detector ring the appropriate Helpline during office hours.

CRIMESTOPPERS

HELP STAMP OUT CRIME

Recent Government statistics show that recorded crime is rising at the rate of half a million crimes a year while actual crime may be four times greater than the number of recorded crimes.

Launched in 1989 and totally supported by a charitable trust, Crimestoppers provides a system for anyone to help stamp out crime. **TOTAL ANONYMITY.** The 0800 555111 FREEPHONE telephone number is a national number; you don't have to give your name and cash rewards are payable.

As a result of Crimestoppers, 150 arrests and £4 million stolen goods are recovered every month.

To help you choose the right tools for DIY jobs at home we have explained some of the more common features.

Input Wattage

The power of the motor in your drill is measured by "input wattage". For tough heavy duty jobs, or frequent and prolonged use, a drill with a high rating is important.

Chuck Size

This refers to the diameter of drill bit shank which can be put into the drill.

Speed

Varying materials and hole sizes require different speeds and power.

Single Speed

For straight forward drilling into wood, metal and plastic, a single speed drill may be suitable.

Two Speed

Drills with two speeds allow greater flexibility in drilling through hard or soft materials. A two speed drill will also allow you to select either fast or slow speed measured in RPM (revolutions per minute). The higher the RPM, the faster the rotation of the drill. When drilling into hard materials like masonry, you need to use higher speeds with hammer action.

Variable Speed Drills

For more control and precision a variable speed drill may be suitable. It will allow you to tackle a variety of tasks in different materials and thicknesses with greater accuracy than the two speed drills. Always read the manufacturers' instructions before using variable or two-speed drills.

Reversing

The drill is able to rotate in the opposite direction to normal. This is handy for screwdriving or removing a sticking drill bit.

Hammer Action

For tough jobs like masonry or concrete drilling. A drill with a hammer action literally "hammers" the drill bit into the wall (thousands of times a minute), as well as rotating it.

Torque Speed

Drills with torque control continuously monitor the "resistance" to the drill bit. This means that if you suddenly encounter an impenetrable area, the drill will stop rather than risk damage to itself. Torque control is particularly useful if you intend using your drill as a screwdriver as it "feels" the resistance of the screw and prevents over tightening.

POWER DRILLS SAFETY TIPS

In conjunction with **ROBEX** the Royal Society for the Prevention of Accidents, we have put together the following safety advice.

- ▲ Always read and follow the manufacturer's instructions before starting work. If you lend equipment, make sure that the user reads the instructions for reference.
- ▲ Always fit a residual current device (RCD) to the electric socket and test it before using a power tool. This disconnects the electric circuit if there is a fault (order Cat. No. 982/321).
- ▲ Wear safety goggles for DIY activities.
- ▲ Unplug the drill before fitting bits and use good quality sharp bits in the drill making sure they are secured firmly in the chuck.
- ▲ Don't leave cables trailing over the edge of the work surface. When the job is finished, put the drill away.

**So whatever your DIY needs are,
Argos takes care of it.**

SKIL E400 BASELINE DRILL

Buying the right tools for the job can be the key to successful DIY.

As cordless drills and screwdrivers have rechargeable batteries and no extension leads, they can operate at any distance from a mains supply.

Cordless drills can still be used to drill holes in wood, metal, plastic and masonry if they have a hammer action facility. Those featured with variable speed and reverse can also act as a screwdriver.

Voltage

The higher the voltage of a battery the more power the drill has for tougher jobs.

Trickle Charge

The batteries are charged slowly while the tool is not in use (ie overnight). They can be left on continuous charge with no harm to the batteries, so the tool is always ready to use.

Fast Charge

The batteries can be charged in approximately one to three hours depending on specification (but cannot be left on charge permanently).

Spindle Lock

Spindle lock allows a powered screwdriver to be used as a conventional hand screwdriver, particularly useful for exceptionally tough screws.

Removable Battery

A rechargeable, removable battery allows greater flexibility and continuous use, as a second battery can be charged whilst the drill is in use.

HELPLINES

For any queries about your drill ring the appropriate telephone number during normal office hours.

- ▲ Always read and follow the manufacturer's instructions before starting work. If you lend equipment, make sure that the user reads the instructions for reference.
- ▲ Always fit a residual current device (RCD) to the electric socket and test it before using a power tool. This disconnects the electric circuit if there is a fault (order Cat. No. 982/1321).
- ▲ Wear safety goggles for most DIY activities.
- ▲ Unplug the drill before fitting bits and use good quality sharp bits in the drill, making sure they are secured firmly in the chuck.
- ▲ Don't leave cables trailing over the edge of the work surface. When the job is finished, put the drill away.

1. BLACK & DECKER 30-PIECE DRILL SET Includes 1 HSS, 6 masonry and 5 wood bits, counter drill, countersink bit, 9 screwdriver bits, magnetic bit holder and storage case.
Cat. No. 701/0440 **£23.99**

2. BLACK & DECKER 23-PIECE DRILL SET Includes 1 HSS drill bit, 5 masonry drill bits, 5 wood drill bits, one magnetic screwdriver bit holder and 6 screwdriver bits (4 straight and 2 Phillips bits).
Cat. No. 701/0925 **£14.99**

3. HILKA 19-PIECE DRILL BIT SET High speed twist drill set, with metric sizes from 1.5 to 10mm. All supplied in a metal cantilever tool box.
Cat. No. 701/0543 **£7.99**

4. SUPERSTORES ONLY
BLACK & DECKER POWER DRIVER Includes 1 counter drill bit, 1 countersink bit, 1 pilot drill bit, 1 magnetic bit holder, 1 flexible drive shaft and 9 screwdriver bits all contained in a tough storage-case knock-down with all powered screwdrivers with 4 inch shaft.
Cat. No. 701/0990 **£12.99**

5. HILKA COMPLETE SOLDERING TOOL SET Comprises 100-watt soldering gun, 30-watt soldering iron, spool ups for gun, holder for soldering iron, one piece each soldering pump, soldering wire and 6 sockets. All contained in a smart plastic case.
Cat. No. 710/7559 **£17.99**

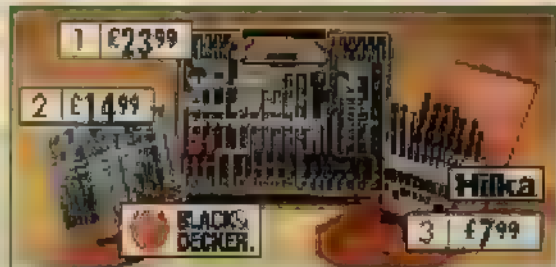

6. COMOWINI DRILL KIT Powerful miniature drill for fine precision work. For modelers, hobbyists, glass engravers etc. Features variable speed motor transformer, storage case with 16 tools for cutting, polishing and turning etc.
Cat. No. 710/2216 **£29.99**

7. RICHMOND SAFETY KIT Comprises set of adjustable ear defenders to BS2441, adjustable non fogging wraparound goggles to BS2032/1, fire mask with 5 replacement filters and pair of heavy duty split leather gloves (non heat resistant).
Cat. No. 701/0658 **£9.99**

8. SUPERSTORES ONLY
13 HSS DRILL BITS Comprises 13 HSS drill bits for metal or wood. With chrome vanadium accessories which include 6 nut drivers, 14 x 50mm screwdriver bits, counter sink, adaptor, extension and 2 screw locators. All supplied in a durable moulded carry-in messenger bag.
Cat. No. 701/0323 **£9.99**

9. SUPERSTORES ONLY
TRADESMAN'S DRILL BIT SHARPENER With variable cutting angles and stone grinding attachment. Re-sharens steel and masonry bits from 3/16 to 1/2 inch (2mm to 12.5mm). For use with electric drills (minimum chuck size 1/4 inch).
Cat. No. 701/1085 **£26.99**

10. MARTER "SHARP SHARP" MULTI-PURPOSE SHARPENING CENTRE The complete home sharpener for drill bits (3-10mm), chisels, punch blades, knives, scissors, shears, rotary mower blades and many more household items. Powered by your electric drill.
Cat. No. 701/0031 **£19.49**

14 SKIL 4200 ANSELUX II SAW. Single blade. 3200 strokes per minute. 390 watt. Cutting capacities: wood 50mm, steel 3mm, aluminium 6mm. Blade cutting 0-45°. Blade guard and blade storage facility.

Cat. No. 710/7600 £27.99

15 BLACK & DECKER BD331 SINGLE SPEED HGSAM. With dual speed capability. Blade guard and blade storage facility. Max. blade cutting length 0-45°. Cutting capacities: wood 50mm, steel 3mm, aluminium 6mm. Passes 55mm. 3200 strokes per minute. 350 watt.

Cat. No. 710/4277 £34.50

SKIL "POWER" 2105HP CORDLESS SCREWDRIVER.
• 2.4 volt
• Speed 130 rpm
• Charger included
• Charge time 6 hours
• 2 double function screwdriver bits, 6 bits and holder included

Cat. No. 710/6976 £14.75

BLACK & DECKER 9010 CORDLESS SCREWDRIVER.
• 3.6 volt
• Speed 180 rpm
• Charger included
• 6 setting torque control
• Charge time 12 hours
• Double function screwdriver bit included
• Automatic soundlock

Cat. No. 710/6660 £29.75

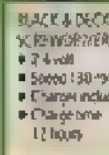

BLACK & DECKER 9018 CORDLESS SCREWDRIVER.
• 2.4 volt
• Speed 130 rpm
• Charger included
• Charge time 2 hours
• Double function screwdriver bit included
• Spare bits

Cat. No. 710/4837 £18.50

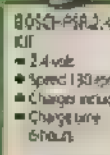

BOSCH PSR 2.4V CORDLESS SCREWDRIVER.
• 2.4 volt
• Speed 130 rpm
• Charger included
• Charge time 6 hours
• 2 screwdriver bits included

Cat. No. 710/5471 £19.75

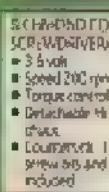

BLACK & DECKER 9016 CORDLESS SCREWDRIVER KIT.
• 2.4 volt
• Speed 130 rpm
• Charger included
• Charge time 12 hours
• Spindle lock
• 12 screwdriver bits, magnetic bit holder and case included

Cat. No. 710/6677 £29.75

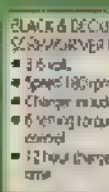

BOSCH PSR 2.4V CORDLESS SCREWDRIVER KIT.
• 2.4 volt
• Speed 130 rpm
• Charger included
• Charge time 6 hours
• 9 screwdriver bits, magnetic bit holder and case included

Cat. No. 710/7669 £32.00

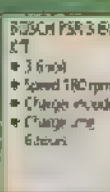

SKIL CHANDRO CONVERTIBLE CORDLESS SCREWDRIVER/DRILL.
• 3.6 volt
• Speed 200 rpm
• Torque control
• Detachable 16 inch drive
• 6 setting torque control
• 12 screw bits and case included
• Charger included
• Removable battery
• Charge time 4 hours
• Variable bit angle for easy access

Cat. No. 710/6664 £34.99

BLACK & DECKER 9019K CORDLESS SCREWDRIVER KIT.
• 3.6 volt
• Speed 180 rpm
• Charger included
• 6 setting torque control
• 12 high torque bits
• Automatic spindle lock
• Magnetic bit holder. 12 screwdriver bits and case included

Cat. No. 710/7298 £39.75

BOSCH PSR 3.6V CORDLESS SCREWDRIVER KIT.
• 3.6 volt
• Speed 180 rpm
• Charger included
• Charge time 6 hours
• 9 screwdriver bits, magnetic bit holder and case included

Cat. No. 710/7676 £44.00

All items with this symbol are supplied fitted with a plug.

LET ARGOS HELP YOU DECORATE YOUR HOME

394

16. BOSCH PST 54E VARIABLE SPEED JIGSAW. Speed from 500-3000 rpm. Max cutting depth 54mm wood, 30mm steel. More cutting facility. Roller guide support. 350watt.

Cat. No. 7106048 £54.75

17. BLACK & DECKER BDD3355E VARIABLE SPEED SCROLLER JIGSAW. Variable speed for controlled cutting in all materials. 800-3200 strokes per minute. Scrolling facility. More cutting facility 0-45°. Dust extraction facility. Blade guard and blade storage. Cutting capacities: wood 55mm, steel 3mm, aluminium 3mm and plastic 35mm. 350watt.

Cat. No. 7104284 £64.50

18. BLACK & DECKER BD 7450E POWER SPEED-TRIGGER JIG SAW. VARIABLE SPEED. 800-3200 strokes per minute. More cutting facility 0-45°. Dust extraction facility. Blade guard and blade storage facility. Cutting capacities: soft wood 65mm, hard wood 30mm, steel 4mm, aluminium 10mm, plastic 15mm. 4 stage pendulum action.

Cat. No. 7107906 £69.00

19. BOSCH PST 65PAE JIGSAW. 3 stage orbital action. With guide rollers. Variable speed 500-3000 rpm. More cutting facility. New "clic system" blade fitting. Max cutting depth 65mm wood, 6mm steel. Blade plate pivots for bevel cuts up to 45°. Dust extraction facility. 400 watt.

Cat. No. 7105828 £89.99

20. SKIL 660 ORBITAL SANDER. 150 watt. 1/3 sheet size. Fine finishing sander. 23,000 orbits per minute.

Cat. No. 7107896 £27.75

21. BLACK & DECKER BD 175 1/2 SHEET ORBITAL SANDER. Can be connected to a vacuum cleaner (for dust extraction) using the adaptor supplied. 10,000 orbits per minute. 135 watt.

Cat. No. 7107308 £34.50

22. BOSCH PFS 23 1/2 SHEET ORBITAL SANDER. Sheet size 92 x 182mm. Dust extraction facility. 24,000 orbits per minute. No load speed 12,000 rpm. 50watt.

Cat. No. 7107315 £41.00

23. BLACK & DECKER BD 273 5 1/2 SHEET ORBITAL SANDER. Single speed. 6,000 orbits per minute. Dust extraction facility with integral dust bag. 250-watt. Supplied with 10 assorted sanding sheets.

Cat. No. 7107779 £48.00

24. BLACK & DECKER BD 1905 RANDOM ORBIT SANDER. Adjustable side handle for comfort and control. 3 speeds, 7500 and 10,000 rpm. Dust extraction facility with integral dust bag. Disc speed controls for smooth start on surface. Sand on concave surfaces including wood, metal, paintwork, filler. 330 watt. Supplied with 3 discs.

Cat. No. 7107487 £49.75

25. BLACK & DECKER BD 1805 RANDOM ORBIT SANDER. 550 watt. 4000. Variable speed, 3500-10,000 rpm. Adjustable side handle for comfort and control. Dust extraction with integral dust bag. Palm grip, disc speed control for smooth start on surface. Uses 125mm quick fit discs for easy changing. Sands concave and convex surfaces including wood, metal, paintwork and filler. Supplied with 6 discs.

Cat. No. 7107583 £54.75

26. BOSCH PEX 125AE MULTI-SANDER. 5 inch disc. Variable speed, 0-11,000 rpm. Dust extraction. 250 watt. Sands both concave and convex surfaces. For wood, metal, paintwork and filler. Front support handle for controlled use. Lock on button.

Cat. No. 7106733 £64.99

27. BLACK & DECKER BD 8000E PAINT STRIPPER-HEAT GUN. 1 heat setting 550°C. Fast, easy and controllable method of stripping oil based paints and varnishes. Allows paint to be removed quickly and cleanly without scratching the woodwork. 1400 watt. Supplied with scraper and glass protector nozzle.

Cat. No. 7107803 £24.50

28. BOSCH PHG 5 NEW 2 HITS AIR GUN. For stripping old paint, shaping plastics, deforming paper, lighting barbecues etc. 2 heat settings: 400°C and 550°C and cold air setting for cooling overheads.

Cat. No. 7107810 £36.50

29. BLACK & DECKER BD 1666 PAINT STRIPPER-HEAT GUN. 2 heat settings, 300°C and 560°C. In line position used with integral scrapers for optimum heat, making oil based paint stripping quicker and easier. Enables one handed use, increasing safety when moving on ladders and providing access to hard to reach places. 1600 watt.

Cat. No. 7106218 £31.00

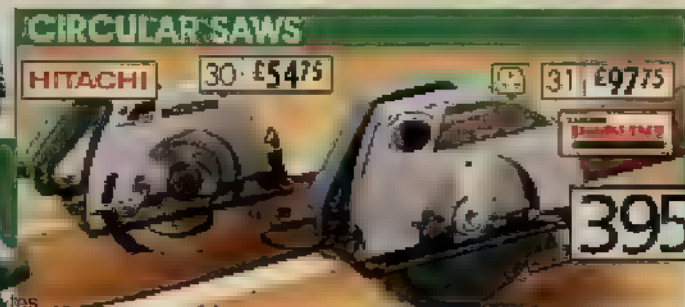

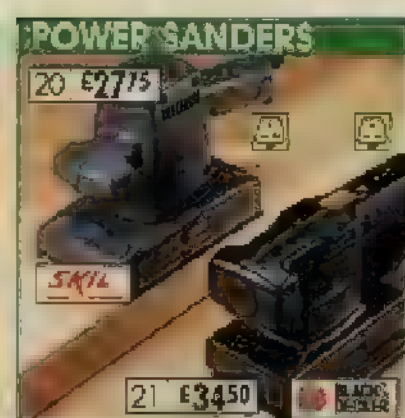

30. HITACHI FCS5AT CIRCULAR SAW. 6 inch TCT blade with adjustable cutting angle and depth. Max cutting depth 46mm. No load speed 4500 rpm. 710 watt motor. Compliance with no fence.

Cat. No. 7107230 £4.75

31. BLACK & DECKER PROLINE PH40 CIRCULAR SAW. 7 1/2 inch blade. Two load speed 4000 rpm. More cutting facility 0-45°. Cutting depth adjustable to 65mm. Dust extraction facility. 150 watt. Complete with no fence guide, blade change spanner and TCT blade.

Cat. No. 7107335 £97.75

For help lines see page 390

1. BLACK & DECKER 80 21x2 PLAINER
Front handle for greater control. 17mm depth of cut. Supplied with dust bag to collect shavings. Reversible TCI blades for longer life and a bevel cut. Planing width 82mm. 15,000 rpm. Recutting and channelling facility. 400 watt.

Cat. No. 710/7511 £52.00

2. BOSCH PH-3100 POWER PLAINER
Balanced solid carbide tipped reversible blades rotate at 19,000 rpm. Depth of cut adjustable 0-1mm. Rebasing depth 0-8mm. Planing width 82mm. Dust extraction facility. 450 watt.

Cat. No. 710/5539 £58.00

3. BOSCH PROF. GRAFROUTE 400
Cable size 1/2 inch. Parallel guide, bending pin. 16 inch router bit and dust extraction adapter included. No load speed 27,000 rpm. Max plunge depth 48mm. For jointing, grooving, rebasing, bevelling and profile cutting.

Cat. No. 710/7339 £74.00

4. CLARKE GARDEN HEAVY DUTY BENCH GRINDER
With dust extraction facility. Ideal for fast, easy sharpening of garden and industrial tools plus general metal shaping/bending. Complete with 1 coarse and 1 medium grinding wheel, adjustable eye shields and tool rests. 240V ac motor.

Cat. No. 710/7023 £39.50

5. SPIRALUX ELECTROMAGNETIC FREI-SAW
Cuts hardwoods, plywoods and thin sheets of metal. Variable speed adjustment. Ideal for making moulds, jigs and puzzles. With spare blades. 40 watts.

Cat. No. 710/6749 £49.99

6. SPWIZARC PORTABLE ARC WELDER KIT
Three settings, 50 amp. Ideal for basic car repairs and general welding up to 5mm thick mild steel. Complete with face mask, earth clamp, electrode holder, electrodes, clamping hammer/brush and full instructions. 240V ac mains.

Manufacturer's 2-year guarantee. Weight: 13.5kg approx.

Cat. No. 710/7566 £49.99

7. BOSCH PM5 6115 ANG. GRINDER
4 1/2 inch disc. For cutting/grinding metal, machinery and stone. Right or left hand use. No load speed 11,000 rpm. 600 watt motor. With cup brush, rubber backing pad and grinding discs.

Cat. No. 710/7119 £79.50

8. KEW KCBBY 10 POWER WASHER
Ideal for paths, patios, garden furniture, fences, sheds and cars. Powerspeed nozzle gives 3000 PSI with very low water consumption. Uses cold or hot water up to 30°C. With shoulder strap, hose coupling, nozzle cleaning tool and suspension hook. 240V ac mains. Weight 5.3kg. It is recommended that a residual current device breaker is used; see item no 16, on page 398.

Cat. No. 710/7745 £139.99

The Bosch Service Centre
For all repairs, maintenance and spare parts. The following numbers are available during office hours. After Sales Service: 0895 838 782. Advice/Help Line: 0895 838 402. Accessories: 0895 838 416.

9. DRAPER 10 INCH TABLE SAW
Ideal for the DIY enthusiast. Depth of cut 3 inch (77mm) approx. 90° and 2 1/2 inch (64mm) approx. 45°. With a 2 1/2 HP motor. 10mm and 18mm locking up large and mini cutting slot for accurate and controlled use. Blade tool lies include use and full using arbor, tipping, straightening and compound angle cutting. With VDE safety approved switch.

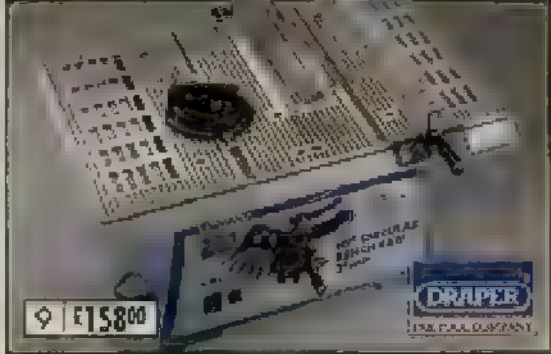

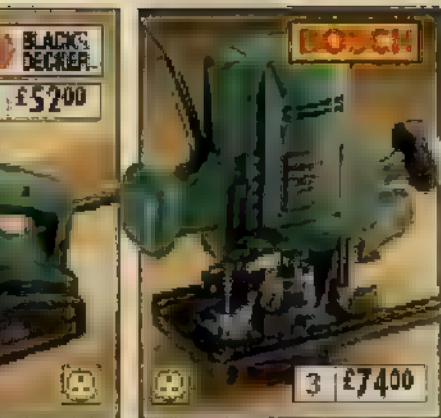

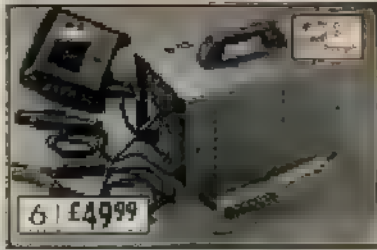

Cat. No. 710/7724 £158.00

10. CLARKE "HIPPY" WATER PUMP
Fully submersible for emptying flooded cellars, pits, trenches and for opening fountains and waterfalls. Pumps up to 1000 gallons per hour. Lifting water up to 6m and can pump to within 1/2 inch from the floor. Long life sealed in oil motor. With 1/2, 3/4 and 1 inch hose adapter (to be cut to suit). 10m of cable and instructions. A residual current circuit breaker (RCD) must be used when pumping from ponds or swimming pools and is recommended for other applications; see item no 16 on page 398.

Cat. No. 710/7913 £67.99

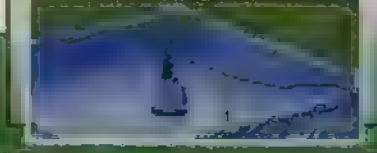

11. SPWIZARC 210 COMPACT (550W)
Portable oil free compressor with high output. 1 1/2 HP motor produces 270 CFM, giving excellent results when spraying paint, varnish and for other uses. Complete with spray gun and hose. 240V ac mains. Weight: 10kg.

Cat. No. 710/7920 £129.99

12. CLARKE WOOD JATH WITH 3 PIECE WOOD TURNING CHISEL SET
Ideal for turning of bowls, lampstands, chair legs etc. 5 speeds (450-3065 rpm). 37 inch length between centres. Turning capacity up to 82 inch diameter, spindle profiles on outside for turning larger items. Pinion gear bed complete with 6 and 12 inch locking tool rests, face plate drive (only). 240V ac motor with no VDE safety switch. General accessories available direct from supplier. Free home delivery; please see page 3.

Cat. No. 705/1186 £189.99

Stay in shape at Argos

Our range of in-home exercise equipment will enable you to exercise where and when it suits you. We have equipment to develop strength and stamina for men and women of all ages, for beginners and for experts. Whether you're looking for light exercise or for something more "serious", at Argos, we know how to take care of it.

There is a variety of keep fit equipment available at Argos which primarily helps to build up your strength.

Weights and Benches

are the simplest way to increase your strength. With weights you can use either a barbell or dumbbell bar depending on the type of exercise you want to do. If you use a bench in conjunction with a set of weights, it will allow you to develop your own training programme.

Multigyms

are the most comprehensive fitness and body building machines for developing your muscles. They are fully adjustable so that you can progressively increase and decrease the weights and resistance on them. Our multigyms will suit everyone, whatever your age, sex or level of ability.

Look out for our dimensions box which shows size and also remember to allow extra space for the sports equipment when in use.

If you are looking to build up your stamina through exercise then have a look at our range of Exercise Bikes, Rowing Machines, Steppers and Treadmills.

Exercise Bikes

help to build up your aerobic capacity and are particularly

good at helping to tone up the muscles in your buttocks, hips, thighs and legs.

Dual action cycles have adjustable pivoting handlebars enabling you to pedal and row, exercising the upper and lower body at the same time.

Rowing Machines

are the single best machines for all round exercise by strengthening your legs and exercising your upper body.

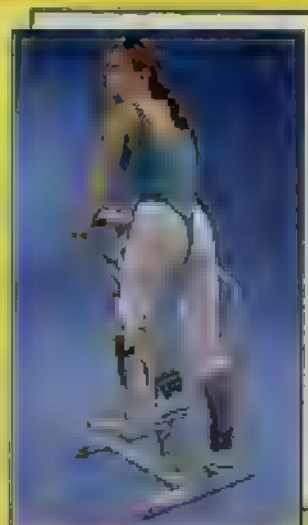

Steppers

provide one of the best forms of cardiovascular workout, using the largest body muscle groups and strengthening, toning and contracting muscles. Steppers are available in various formats from basic mini-floor steppers to stepper climbers with electronic monitoring.

Treadmills

are similar to jogging and walking and are renowned as one of the most intensive work-out machines.

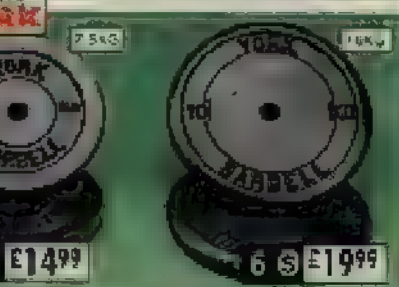

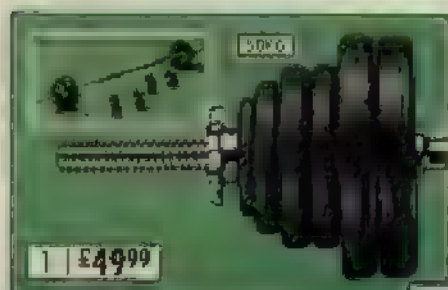

Now we've given you some key tips on keep fit equipment, have a look through the catalogue to see our full range and let Argos take care of it.

SAFETY TIPS

Before you start we recommend two key safety tips.

- Always consult your Doctor before starting a new exercise programme which will involve a major increase in exercise compared to what you are used to.
- Never let children near any equipment whilst in use as serious injuries can be caused by moving chains, wheels and spokes.

1.0YK 5KG CAST IRON BARBELL

10. PATH-FINDER CLASSIC CYCLE

ME-MET The Pathfinder high visibility yellow helmet is easily seen in poor light conditions. Bright micro shell surrounded by reflective tape. Lightweight. Interchangeable pads give added comfort and the perfect fit. Conforming 855262-89 and Small 850. One size fits teenagers and adults

Cat No 301/8745 £19.99

SIZING GUIDE

Check your inside leg measurement (without shoes) to find the correct frame size to suit your needs.

For off road use, choose a cycle with a smaller frame size in the range shown. For road use a larger frame will suit. E.G. inside leg 30 inch will need 20 inch frame on road 20 inch frame.

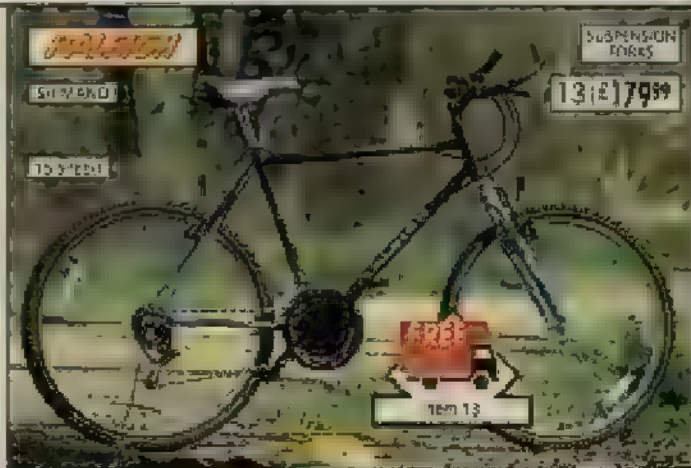

RALEIGH ACTIVATOR 5 ALU TERRAIN BIKE

SERVICE

PHOTO POINTS
PROCESSING

Look out for a Photo Points Collector Card next time you call into your local Argos store. Every time you use the mail order Argos Film Service you will receive Photo Points Tokens to collect (see in-store for details). Pick up a Photo Points Collector Card today with your mail order envelope and you'll be on your way to some great developing and processing offers.

Photographic

ISO 100 film is suitable for good lighting conditions, with bright sunshine and/or indoor pictures using a flash.
ISO 200 film is suitable when the lighting conditions can't be relied on. For use in sunshine shade or indoors (avoid direct sunlight).

Cat. No. 561/1308 £29.99

Most cameras are fitted with additional features to give greater flexibility when taking photographs. Some key features are explained below.

Feature Guide

Flash

A built-in flash works directly off the camera batteries and is usually effective for up to 15 feet. A low light indicator shows when to turn the flash on. An Auto/Sensor flash will work automatically when there is insufficient light. On some cameras, a sensor flash can be turned off for atmospheric shots, or used as "IR-In" flash when the subject is in the shade or against a bright background. Red-Eye Reduction utilizes a pre-flash to contract the subject's pupils to avoid "red-eyes".

Motor Drives

Motorized load winds the film to the first frame automatically or by pressing the shutter release button. After each shot, motorized advances automatically winds the film onto the next frame. At the end of the film, motorized rewind will rewind the film ready to take out.

Auto Focus/ Focus Lock

Basic cameras have a fixed focus, which does not vary with subject distance. Cameras with auto focus automatically focus on the subject in the centre of the viewfinder. "Focus lock" allows you to focus on your subject and then recompose the shot, still holding your subject in focus.

Auto Exposure

The shutter speed automatically adjusts to give the right exposure for the existing light conditions. On more sophisticated cameras, a backlight compensation facility allows for bright backgrounds such as snow or sand.

Zoom Lens

This allows you to bring the subject closer and frame the shot as required without having to move. The bigger the zoom (measured in millimetres) the nearer the image, and so the larger it will appear.

Twin Lens

This enables you to choose between normal or a close-up shot depending on how you wish to frame the subject.

Macro Facility

This allows you to take clear, focused close-up shots.

Infinity

This feature is used when taking long distance shots or for shooting through glass with an auto focus camera.

DX Coding

The camera will automatically adjust to the speed of film you are using.

Self Timer

This enables you to set the camera to take a photograph approx 7 seconds later, so that you can be in the shot as well. A dual self timer takes two pictures in succession whilst a special multi-frame self timer allows you to take up to four consecutive shots.

LCD Panels

This shows the current function status, eg selected flash, focus mode, battery level, and number of pictures taken.

Data Back

This allows the option of data to be printed on the face of your photograph enabling you to remember when the picture was taken and is available in two forms:

1. A manual data back will print the month and year if required
2. A quartz data back offers a clock facility with LCD display and will print time/day/month/year if required.

Panoramic

This facility produces special "stretch" prints to create incredible scenic views or artistic compositions. These cameras either utilise an adaptor which is inserted prior to loading the film, in which case the whole film must be shot in panoramic mode, or a switch mechanism which will allow for shots to be mixed on the same film. NB: Films containing mixed exposures will incur additional processing cost and we recommend that you advise the processor before having the film developed.

A GUIDE TO

camcorders

A camcorder allows you to capture action in sound and vision. It gives high quality home video recordings and has a wide range of features to give you greater flexibility. To help you choose, our guide below explains some of the technical terms and features.

Tape Formats

There are 2 camcorder formats, using different types of tape.

8mm tape is a small cassette which gives up to 90 minutes recording, or 3 hours with long play. Tapes are played back by plugging the camcorder directly into your TV or video recorder using the leads supplied. Recordings can be edited onto VHS tape via a video recorder.

VHS-C is a compact tape which can be played in your VHS video recorder, using the special adaptor supplied with all of our VHS-C camcorders. They give up to 45 minutes of recording, which can be extended to 90 minutes with a long play facility.

VHS-C tapes can also be played back by connecting the camcorder directly into a TV or video recorder 21 pin

SCART socket. If you do not have a video recorder or 21 pin

socket TV, you will need to buy an RF lead and adaptor - available from Argos Mail Order Services (telephone 061 537 7298 or ask in-store for details).

Features Guide

Power Zoom

This gives a smooth zoom-in action for close-up shots. The greater the zoom, the greater the magnification.

Full Range Auto Focus

This ensures that the subject stays in focus, no matter how close or far away.

Intelligent Auto Iris

The auto focus facility works through the lens to give clearer shots and a better colour balance.

Macro

A macro facility allows clear and focused close-up recordings.

Shutter Speed

A variable shutter speed allows slower speeds in low light conditions, whilst a high speed shutter gives clear shots for high speed action.

Lux Illumination

The lower the lux minimum illumination, the lower the light conditions in which the camcorder can still effectively record.

Fader

This allows you to smoothly fade in and out of different shots.

Flying Erase Head

When recording over old scenes this gives a cleaner transition from old to new recordings.

Title Memory

Title or dates can be superimposed onto recordings as a permanent reminder.

Age Insert

By entering your child's birth date, you can have an on-screen display of their age on future recordings.

Edit/Camera Search

Previous recordings can be viewed through the camcorder for editing or to find the correct position to resume recording.

Long Play/Record

This feature allows you to record and play back for twice the normal time, ie 3 hours on a 90 minute tape.

Insert Edit

This allows a new recording to be inserted between existing scenes.

Infra-Red Remote Control

This allows you to operate the playback features of your camcorder from the comfort of your armchair.

HELPLINES

For any queries about your camcorder please ring the appropriate helpline during office hours.

Sony	081 784 1144
JVC	081 450 3282
Canon	081 459 1264

Binoculars are useful for a variety of hobby and leisure activities. The keen climber or nature observer, sports fans eager to capture a nice finish or get closer to the action, and concert/theatre goers who want a close up view. Many binoculars featured have coated lenses to improve image brightness. Some are of a compact design and fit easily into a pocket or handbag. Most have fold down rubber eye-cups allowing speedy adjustment to fold back the eye-cups and get closer to the eyepiece to see a clearer image.

WITH TRIPOD ADAPTER

1 HALINA DISCOVERY 8 X 30MM BINOCULARS. Lightweight and robust with 8 times magnification, fold down rubber eye-pieces and coated lenses. Complete with case, strap, cloth and protective caps.

2. S. SUPERSTORES ONLY

KARAOKE BOX 1st set of 3 Karaoke boxes gives you a chance to let your hair down and sing-a-long to over 3 hours of your favourite hits from the 70s and 80s. Tracks include "Should Be So Under", "Upstream", "Come On Over", "I Just Called To Say I Love You", "Dancing Queen" and "Hole In My Soul". These tracks contain introductory lyrics only. Please note this product is excluded from the 14-day money back promise. This does not affect your statutory rights.

Cat. No. 538/1315 £8.99

ALBA KARAOKE SYSTEM Features single cassette deck with automatic voice erase facility (using Karaoke tapes), microphone volume control, echo, balance and tone controls, two speakers, one-touch record, CD input socket and carry handle. 240V ac mains or 6 x LR20 batteries (order 3 of 980/1465 at £1.99 each). Complete with microphone and tape.

Cat. No. 540/4003 £49.99

3. S. SUPERSTORES ONLY

PLAYTECH "KARAOKE KID" PORTABLE VIDEO KARAOKE Includes microphone and 15 track Karaoke VHS video tape. Connects to video and TV via 4 or cassette player or stands alone. Features full stereo facility, 2 mic packs for dual singing, mic volume/echo/echo controls and LED lights which synchronise with singing. 240V ac mains via adaptor (not supplied, available via mail order, see page 461) or 6 x LR20 batteries (order 3 of 980/1465 at £2.49 each).

Cat. No. 540/3449 £59.99

5. HOME KARAOKE Features 50 vinyl tracks, 2-track, 2-track, 2-track, 2-track with high speed dubbing and continuous play. Includes Phono tuner, mic mixing, echo, delay and 3 band graphic equalizer. With 2 microphones, a case stereo pack and introductory guide. Mains operated. For home use only. With additional racing facility to allow playback of video Karaoke tapes on a video recorder (video recorder must have audio out facility). Transmits pictures and words to appear on a TV screen while playing the sound through 50-watt speakers.

Cat. No. 540/4010 £99.99

Batteries are not supplied unless otherwise stated.

HEI PHASE
For helpline see page 464.

6. GOODMANS "BOOGIE BOX PRO" KARAOKE Features two cassette decks with automatic play, 10 watt RMS output two way speaker with 8-inch bass unit and 1/2 inch tweeter, 2 mic inputs with separate volume control, echo, super bass and multiple facility. AM/FM radio tuner, tuner and 3 band graphic equalizer. Supplied with microphone. Karaoke audio cassette and video cassette. Mains operated. Video input allows playback of video Karaoke tapes on a video recorder (video recorder must have audio out facility). This enables pictures and words to appear on a TV screen while playing the sound through the Karaoke.

Cat. No. 540/3839 £129.00

7. LABGEAR "SUPER LOOP" TV AERIAL for all portable TVs. Compact electronic room aerial incorporating a unique matched circuit board signal booster. Not improved signal strength, the booster will automatically switch itself on and off when needed. Available in 2m and 3m. Shows when each feature is being activated. Mains override allows unattended video recording use with LCD mini TV - for which 3.5mm jack plug adaptor is included. Churn 2 x LR6 batteries (order 1 of 980/1444 at £1.99 each). Manufacturer's 3-year guarantee.

Cat. No. 535/5011 £19.99

8. LABGEAR "QUINTAR" TV AERIAL Aerial for all TV channels. Can be externally mounted for best performance. Suitable for use with all types of television. Complete with 10' cable, 30 feet of cable and full instructions.

Cat. No. 535/5443 £9.99

9. LABGEAR "TRI STAR" TV AERIAL A high performance room aerial for quality UHF reception on all mains and portable TVs. S.E.A.B. approved. Manufacturer's 10-year guarantee.

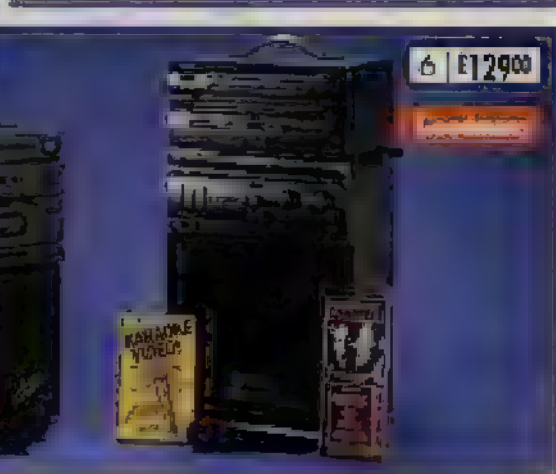

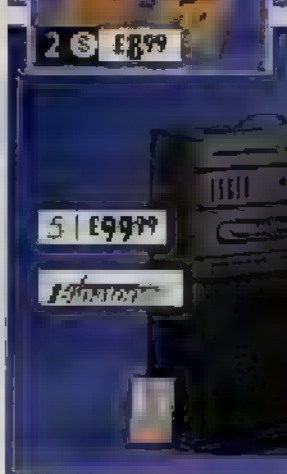

Cat. No. 535/1589 £6.95

10. LABGEAR "TRI STAR" AMPLIFIED TV AERIAL With high gain booster to improve the incoming signal in poor reception areas. Ideal for all UHF TVs. Especially suitable for portable TVs where reception may suffer from room to room. S.E.A.B. approved. 240V ac mains. Manufacturer's 10-year guarantee.

Cat. No. 535/4891 £19.75

TELEVISION SIZES

Television sets have always been described by the nominal size of the glass tube across its greater diagonal. The figures shown in brackets e.g. (V34cm) refer to the actual viewable picture diagonal. Reception Difficulties - A good TV aerial, correctly positioned, will reduce reception problems of noise and reflection. A signal booster will amplify weak signals or supply several TV sets from one aerial. However, a signal booster without a good aerial will not always solve local reception problems.

AFFORDABLE TECHNOLOGY- THE BEST FOR LESS

If you are looking for a large screen or portable television, Argos has a wide range for you to choose from with a variety of features.

Featured Guide

FST

This stands for "faster squarer tube", which gives you improved definition, a wider viewing angle and less light reflection.

Teletext Fastext

This gives you up to date information on a wide range of subjects such as travel, news, sports and television programming. Teletext also gives subtitles on selected television programmes. Fastext is an updated system to give you quicker access to your chosen page of information.

SCART Socket

SCART leads can be used to connect your television to your VCR, audio system or satellite receiver dish. They can also be used to connect your Camcorder to the TV to play back recordings.

Sleep & Wake-up Timers

Particularly useful if you want to watch television in the bedroom, you can programme the timer to switch the television set to standby automatically, after you have fallen asleep. A wake up timer also acts as an alarm clock.

On Screen Display

A visual display on the TV screen will show which channel you have turned to, or any adjustments to the volume or colour.

NICAM

NICAM is a high quality digital audio signal which is transmitted simultaneously with television pictures, giving a similar sound quality to compact disc. To receive the stereo NICAM signal a television or video must incorporate a NICAM receiver which picks up the signal through your existing TV aerial. A NICAM video recording must then be replayed through a NICAM or Stereo TV to maintain the stereo sound.

Extended Guarantees

All our televisions have a 1 or 2 year manufacturer's guarantee, but for added peace of mind you can buy an Argos 3 or 5 year Extended Guarantee. We also offer Free Accidental Damage Cover. See page 493 for details.

Argos Personal Account

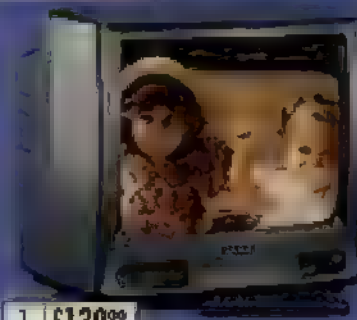

Spread the cost of a new television with an Argos Personal Account. See page 2 for details.

HELPLINES

For any queries about your TV please ring the appropriate telephone number during normal office hours.

Cat. No. 535/1620 £3.50

Reception Difficulties - A good TV aerial, correctly positioned, will reduce reception problems of noise and reflection. A signal booster will amplify weak signals or supply several TV sets from one aerial. However a signal booster without a good aerial will not always solve local reception problems.

12. PU, LWAY 15 METRE TV EXTENSION KIT. Runs 2 televisions from a single antenna. Enables safe permanent connection for a second TV able to receive both TV and video pictures. Complete kit comprising cable, connector, wall socket, clip and instructions.

Labgear Cat. No. 535/3927 **£6.99**

13. LABGEAR "MULTI SET 1" TV & VCR FM RADIO SIGNAL BOOSTER. Distributes TV or FM aerial signal power by up to 30 times (15dB). Improves TV pictures in areas of poor reception and enhances video recording. Fully automatic, requires no user adjustments. Easy to install. B.E.A.B. approved. 240V ac mains. Manufacturer's 10-year guarantee.

Labgear Cat. No. 535/3927 **£14.75**

14. LABGEAR "MULTI SET 2" TV/VIDEO/FM RADIO SIGNAL BOOSTER. Distributes TV video and satellite receiver signals or FM radio signals to 2 sets. FM radio aerial is required for FM reception. Also increases signal power up to 15 times (7.8dB). Fully automatic, requiring no user adjustments. Easy to install. 240V ac mains. B.E.A.B. approved. Manufacturer's 10-year guarantee.

Labgear Cat. No. 535/4006 **£15.99**

15. MAXVIEW 3 SET TV/FM VARIABLE RADIO SIGNAL BOOSTER. Runs up to 3 TV/FM sets from one or more aerials. Video or satellite tuner. Separate FM aerial is required for FM reception. To help you choose, we have explained some of the technical terms.

Features Guide

Digital Tuners

Phase Lock Loop (PLL) digital tuners seek out stations by searching the whole waveband automatically for the next strongest signal.

Pre-set Buttons

Your favourite stations can be recorded in the memory, and then recalled at a touch of a button.

Dolby B' & 'C'

Dolby is a noise reduction facility that reduces the hiss when tapes are played, especially on "quiet" music. Dolby 'C' is the enhanced version of Dolby 'B', giving even clearer sound reproduction.

Relay Play

This allows the second tape on a twin tape deck to automatically

take over when tape one has finished.

Auto Reverse

When your tape has finished, the cassette player automatically plays the other side.

High Speed Dubbing*

On twin tape decks, this allows faster tape copying usually at twice normal speed.

Graphic Equalisers

This allows you to "shape" the tone of the music being played by increasing or fading particular sounds.

The greater the number of bands, the more precise the equaliser.

Spectrum Analyser

This provides a visual display of the sound level in the form of "dancing lights", enabling you to make fine adjustments to sound and tone levels.

Compact Disc

Compact discs, or CD's provide the most accurate sound

reproduction available.

On CD midi systems, a search button allows you to select which tracks you want to hear. A memory facility allows you to programme a sequence of tracks in any order.

Turntables

Belt driven decks ensure a constant rotational speed. Fully automatic decks place the stylus on the record for you, and return it after the record ends. Semi-automatic decks only return the stylus, you have to place it on the record.

Speakers

Within each speaker is a series of either 2 or 3 cones (known as "2 way" and "3 way" speakers). 3 way speakers usually give a better quality of sound.

Active speakers for use with personal CD's and stereos have their own power source to further amplify the sound.

Music Output

The higher the number of watts the greater the capacity of the amplifier and the louder the sound will be. 2 x 20 watts music power means that there are 2 speakers with a maximum music output of 20 watts per speaker. Manufacturers generally express the potential maximum volume in one of three terms:

As a comparison

1w RMS = 2w PMPO = 4w PMPO

* The recording and playback of certain material may only be possible by permission. Please refer to the Copyright Designs and Patents Act 1988 and the Performers Protection Acts 1958-71.

+ Dolby is a TRADEMARK of Dolby Laboratories Licensing Corporation.

extended guarantees

The following guarantees do not affect your statutory rights.

At Argos, our aim is to offer you high quality, reliable products - all of which carry a manufacturer's guarantee of at least 1 year.

However, for added reassurance we also offer 1 and 5 year Extended Guarantees at low, low prices. So now, at an affordable price, you can insure against possible repair costs after the manufacturer's guarantee has expired.

Underwritten by Cornhill Insurance PLC, our Extended Guarantees cover both parts and labour costs of faults arising due to faulty workmanship or materials used in manufacture. A 3 year guarantee extends the manufacturer's guarantee (usually 1 year) to a total of 3 years from the date of purchase. A 5 year guarantee extends cover to a total of 5 years from the date of purchase. Our full range of Extended Guarantees is shown in the table below.

How to buy your Extended Guarantee

Buying an Extended Guarantee is simple, and can be done at the same time as buying any other Argos product.

- 1 Fill in the appropriate catalogue number on a selection form.
- 2 Take the form to a cashier.
- 3 After paying, you will be directed to the collection counter where a member of staff will take all the necessary details to complete your insurance cover.
- 4 You will then be given a copy of the agreement to keep. This will also tell you what to do if you need to make a claim.

Please note that you must purchase Extended Guarantee cover within 30 days of purchasing the item to be covered. If you have any queries about your insurance cover, please use the Cornhill Insurance helpline 0892 515414 during normal office hours. Unfortunately we cannot insure items for commercial use. Please ask in-store for full terms and conditions.

PLUS FREE ACCIDENTAL DAMAGE COVER

We also offer FREE first year accidental damage cover on all the items shown below, except camcorders. To apply simply pick up a leaflet in-store. If you do buy an Extended Guarantee, then we will automatically include the free accidental damage cover.

SEE OVER PAGE FOR FURTHER RANGE OF CAR STEREO

A GUIDE TO

car audio

We sell a wide range of car stereos. Many of the functions are similar to those on other hi-fi equipment, additional features include:

Fader

On 4-speaker systems you can adjust the sound balance between the front and back speakers.

Auto Seek Tuning

The radio automatically seeks out the next strongest signal on a waveband.

Radio Data Systems (RDS)

RDS displays the station name and maintains your chosen station automatically when travelling through different reception areas.

Extended Other Network (EON)

If your unit incorporates EON, then when traffic information is broadcast, this can automatically interrupt your listening with travel bulletins.

Removable Tapes

Some units are designed to be easily removed when you leave your car and then on return simply slot into place for play.

Please note, there are 2 sizes of car radio/cassettes. The latest, DIN E, will fit most cars built after 1983. DIN D will fit almost every car. Post 1983 models may require an adaptor plate. Please refer to your vehicle specification manual.

HELPLINES

For any queries about car audio please call the appropriate helpline during office hours.

A
GUIDE
TO

child safety

At Argos we sell a wide range of safety products which can help give you that extra reassurance and peace of mind.

The following pages show some essential items which can help you make your home safe for baby. We have drawn up some key points in conjunction with **RSPCA**, the Royal Society for Prevention of Accidents.

- ▲ Fit a safety gate at the top and bottom of the stairs and keep stairs and landings clear of toys.
- ▲ Use a baby monitor to keep in touch with your child around the home.
- ▲ Use a fireguard securely fixed to the wall wherever you have a gas, electric or open fire.
- ▲ Make sure the side of the cot is securely fixed when your child sleeps and use a ventilated mattress.

When travelling by car there are certain points you need to remember to make sure the drive is safe as well as comfortable for your child.

- ▲ Check the car seat is correct for the age and weight of your child.
- ▲ Always read the manufacturer's leaflet as your child's safety depends on correct installation.
- ▲ Check the car seat harness each time you travel to ensure your child's comfort and security.

There is a wide range of car seats which fit most car models on the following pages. Some car seats may require fixing kits - check with your local dealer prior to fitting.

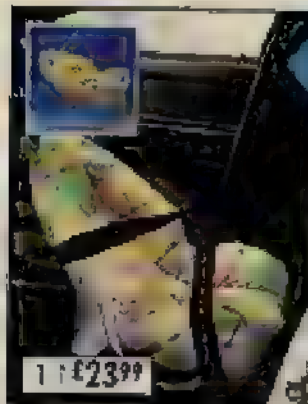

As your toddler begins to develop, there are a whole range of toys to buy. By following some key points you can make sure playtime is great fun for them as well as being safe.

- ▲ Always read the manufacturer's leaflet and retain for future reference.
- ▲ Make sure the toy is right for the child's age and ability - check the age recommendation before you buy.
- ▲ Keep older children's toys out of reach of young children and babies.

HELP LINE
For Britax car seat fitting information phone Britax Help Line 0164 331134 (Monday to Friday 9am to 4pm)

(1) Forward Facing: 9kg to 18kg (20-40lb) approx.
(2) Rearward Facing: 9kg to 18kg (20-40lb) approx.
Rearward facing child car seats should not be used in a car fitted with an airbag on the passenger side.
For lap and diagonal belts see page 380, item 1.
Our child car seats fit most car models. Some require fitting kits - check with your local dealer prior to fitting.

IMPORTANT SAFETY ADVICE
Installation and proper adjustment of harnesses - follow manual advice for correct use and safety.

SAFETY

Filling material(s) and covering fabric(s) meet the requirements for resistance to cigarette and match ignition in the 1988 Furniture and Furnishings (Fire) (Safety) Regulations.

IMPORTANT SAFETY ADVICE
CHECK FROM THE MANUFACTURER'S INSTRUCTIONS AND THE CAR'S OWNERS' MANUAL FOR THE CORRECT CAR SEAT FITTING.

ONLY £8.75

PUSHCHAIR DO'S AND DON'TS
DON'T Carry additional children in/on pushchair. Hang shopping from handles or carry shopping in locations other than the shopping tray provided. Leave child unattended in pushchair. Allow child to operate your pushchair or ride in it as a toy. Machine wash pushchair seat unless it is advised in the instruction leaflet. Force pushchair into folded position - refer to the instruction leaflet if any difficulty.
DO Ensure pushchair is correctly erected with primary wheels in place before use. Return seat to the correct position, parallel to the handle (where appropriate) before folding. Ensure child wears a safety harness correctly fitted and used. Ensure that child and any other nearby children are clear of moving parts before making any adjustments folding or unfolding. Take care when loading pushchair into a car boot that it is not crushed. Check regularly that all joints, fixings, straps and catches etc., are secure in full working order.

The Lion Mark is a symbol of Toy Safety and all Argos toys are tested for compliance with exactly the same approved safety standard. Always choose toys that suit the age and ability of your child.

SAFETY
 Filling material(s) and covering fabric(s) meet the requirements for resistance to cigarette and match ignition in the 1988 Furniture and Furnishings (Fire) (Safety) Regulations.

Cat. No. 37216408 **E79.99**

Due to the nature of Ni-Cad rechargeable batteries it is possible that the first charge from new will not produce 100% capacity and may give less running time than future charges. Optimum performance is often obtained from the battery after the 3rd or 4th charge. Batteries are not supplied unless otherwise stated. Always choose toys that suit the age and ability of your child.

The Lion Mark is a symbol of Toy Safety and all Argus toys are tested for compliance with exactly the same approved safety standard.

PREMIER POINTS
when you stay Friendly

For reservations call
0800 591910

Treat yourself to an extra special weekend break
(Friday, Saturday or Sunday night) at any one of 20
premier three star UK Friendly Hotels from only £32.00,
room and full breakfast, per person, per night.

You'll find the hotel staff are friendly by nature as
well as by name, the rooms are relaxing and
spacious, and all the hotels listed below are handily
located, so you're never that far away from some of
the country's best tourist attractions.

So whether you prefer the Cornescrew at Alton
Towers, a glass of fine wine in a friendly bar, or our
relaxing leisure facilities, at the end of the day a
Friendly Hotel is the only place to be.

Present this coupon when you check in to qualify
for an instant 10% discount,* check out, and claim
Argos Premier Points!

Argos Distributors Limited
489/499 Avenbury Boulevard
Central Milton Keynes
MK9 2NW
(Credit Brokers)

Over 300 Stores Nationwide

We have two types of Argos stores, "Traditional" and "Superstores" - each has its own special catalogue containing a different number of products.

- The Traditional catalogue contains over 4,000 top quality products for you to choose from.
- The Superstore catalogue is where we have combined our normal Traditional range with an extra 2,600 products exclusive to our Superstores.

Superstore Delivery Service

If you live within 20 miles of a Superstore you can order goods through our Superstore Delivery Service. See page 3 for details.
